

# Pyro Stancer® (GS-45)

Pyrostance knee brace is an ultra-light weight, knee brace providing improved comfort and support to individuals post-surgery and knee injuries. The Pyrostance knee brace allows immobilization and incremental range of movement through its unique “pull and lock” carbon fiber dial enabling stability and improved comfort during recovery.

## How to Place an Order:

- GS45 - Model#
- Size - Category
- Mid Thigh - Circumference
- Circumference
- Calf - Circumference
- Circumference
- Knee - Left/Right
